# TESTIMONIAL

Dharvee Infotech have been brilliant with the web application development work which they did for me. Mihir and his team understood the requirements clearly, got on with the work and delivered everything on time at the high standard I would expect. All along the way, I was kept up to date with progress and impediments, so a big plus in terms of communication. All in all, it's been great working with Dharvee Infotech and I look forward to a long and successful business relationship.
